New Year's Day 2004 - Vol 2, No. 21-A

U.S. Blackout for August 12th, 2003

Last August 12th was the 20th anniversary of the Montauk Project. As this time was deemed to be synchronous with a major biorhythm of the planet Earth, this date was met with much anticipation by many fans of *The Montauk Project*. At the same time, there were other elements who sought to discredit the information, one of which was a major radio show which featured Al Bielek and sought to discredit all of his quantum information that so many of us are familiar with. It is obvious the naysayers do not understand the least about quantum physics. If they did, they would realize that Al's

story is a confluence of different realities, but they choose to be myopic about only "this reality." Although he was ambushed on this show, he correctly predicted there would be a major blackout somewhere around the 10th to the 14th of August of last year. The blackout, the largest in world history, occurred on August 14th. It should be noted that Preston Nichols has long been on record as having stated that the aforesaid biorhythm actually runs through the Earth either directly on August 12th or several days before or after. This is the same phenomena; it just occurred on a different day.

A study was done on the black out which revealed that if one draws an arc with the areas that were blacked out, the middle of the circle (which was not actually a complete circle but a partial one) is a locale in upstate New York on the Rip Van Winkle grid line that is called Cairo, New York. By happenstance, coincidence, or just pure "intended" synchronicity, Preston Nichols had just purchased a new piece of property in that exact locale. He has moved to Cairo as of October 2003. There is a considerable amount of legend and lore concerning his property, as well as

Synchronicity and the Seventh Seal

There is a very old legend on this planet of a scroll which is unsealed seven steps at a time. The seventh and final seal is said to reveal, through a divine process, the ultimate truth about humankind and its relationship with the Creator.

Synchronicity and the Seventh Seal begins by categorizing and defining synchronicity as that very divine process by which revelation occurs. It was actually Dr. Carl Jung who first coined the word *synchronicity* and defined it as "the poor man's *Tao*." *Tao* is an ancient Chinese word for the invisible

cosmic principle which underlies and is superior to all of creation. It is by reason of not seeking superiority that the Tao retains this characteristic.

The Montauk Project: Experiments in Time unveiled the quantum infinity of the Tao which includes countless time lines which can potentially be accessed. My own investigation of Time and the Unified Field resulted in phenomena as if a genie bottle was uncorked and emitted synchronicity at a far faster rate than I could assimilate or cohesively craft into readable and understandable books that would ex-

plain everything encountered. Although I was able to write a few books, it was as if black and white pieces of a chess set emerged out of the genie bottle to vie for position and tried to polarize me into taking sides. All of this included intriguing dialogues and adventures with regard to Amado Crowley; Marjorie Cameron, the woman who was the focal point of the Babalon Working; and an investigation of the death of Jack Parsons.

As the Tao, so to speak, acted like a quantum leak that was streaming out of the genie bottle, it seemed as if every

the little town, but Preston was completely suprised by all of it. One irony is that his new home was formerly the location of a very prominent Masonic Lodge. In fact, it was so important that all but two of the U.S. presidents prior to FDR visited it. The man who sold Preston the house, who was not aware of Preston's celebrity, also said that his father was involved in the Philadelphia Experiment. The above is quite remarkable, but Preston has had many such strange and synchronous experiences in his life. It was only when I became involved with studying him and his research that I began to precipitate synchronous experiences of my own. The reason for this is that I was studying the subject of time. The word *synchronicity*, which means "time together" (*synchronicity* could also be construed to mean "drawing time together" or "synthesizing time") can literally be construed to be the crack in the cosmic egg because it reveals associations via the Unified Field. The Philadelphia Experiment and Montauk Project both tapped the Unified Field and literally manipulated coincidences and events in time to take place. When one studies this portal, one is also opening the door to a new wave of experiencing and thinking. For the reading audience, the beginning stages of this revelation were told through Preston's unique experiences and insights with regard to the Unified Field; but, there is a lot more to the equation. *The Montauk Project: Experiments in Time* was successful to the degree it was because it gave you (the audience) a scientific reference frame by which you could correlate your own experiences in this regard. It also, hopefully, enhanced your own ability to experience. When *The Montauk Project* was released in 1992, it catalyzed the entire nation into a new wave of thinking. All of a sud-

den, the minds of people were being exposed to a torrent of data they had never received before, let alone contemplate. It shook the very foundations of the way we think. As this placed a considerable amount of attention on Preston Nichols, Duncan Cameron, Al Bielek, and myself, this caused a substantial consternation to the media authorities who put a very effective lid on us disseminating this information through the use of major media. Even alternative media outlets have been known to stomp hard on us. Even so, the pen is mightier than the sword and the truth leaked out. The media au-

"The man who sold Preston the house...also said that his father was involved in the Philadelphia Experiment."

thorities then employed the stragey of "emulate, dilute, and distract" by stealing the various themes and creating a whole new genre of shows, the most popular and successful of which was *The X Files*. This created a wonderful smokescreen for people who were found contemplating certain theories about government conspiracy. One could say that the person thus theorizing had been watching too much of *The X Files*.

Actually, Preston and I were surprised at how well received *The Montauk Project* was, and we sincerely thank everybody for all of their interest. Actually, I never had too much time to suffer much disappointment with the

major media because I had a considerable amount of synchronicity and good fortune finding its way to my door. Perhaps, if the universe had indulged us with too much glamour status, I might have been distracted from my real work which was to follow various trails and adventures in synchronicity. Although the books *Montauk Revisited* and *Pyramids of Montauk* delineated and explained some of the key experiences, there are other substantial aspects that I have not been able to release until now. My new book, *Synchronicity and the Seventh Seal*, not only accelerates the pursuit of synchronicity to a higher, if not unprecedented level, it also ties up many of the loose ends.

In the beginning of my writing career, there were some who wanted to label me as a hack writer who knew nothing about nothing. In other words, there were efforts to minimize my importance without even knowing who I was or what I stood for. I was amused by this because the release of the Montauk information was really only the beginning of what is designed to be a major springboard of change. *The Montauk Project* is a story of how quantum reality interfaces with plausible reality. It is also a symptom of what is not only wrong on this planet but in the quantum sphere as well. Thus, the disclosure of the Montauk Project is only the beginning of what can be considered a quantum stream of revelation. *Revelation* is defined as a striking disclosure of something not previously known or realized. In theology, *revelation* is defined as God's disclosure or manifestation to man of himself and his will. It is this latter definition which brings us to the horizon of the Seventh Seal, a concept which reaches far beyond the biblical interpretations and includes the opening of the mind to infinite possibilities. ■

The Story of the Seventh Seal

(continued from page 1)

spirit of darkness and light not only came out to make their two-cent comment but seemed more intent on putting the cork back on the bottle. These manifested as all sorts of lower echelon people who tried to dampen the show and minimize any potential fun. Finally, after years of developing and working this book, it is done. This book will keep the cork off the bottle permanently. There is no longer anything anyone can do to prevent this.

This book also includes the concept of the *Book of Revelation* and the Apocalypse, but when the truth is actualized, these are found to be very misunderstood terms. Apocalypse literally means to “uncover the the Goddess Calypso,” and Calypso phonetically means “by way or by fact of the Goddess Kali.” Although it is not stated in the book, Marjorie Cameron told me that synchronicity is the language of magick and that my life was laced with synchronicity. My adventures with her led to an increased capacity to experience synchronicity which led to my adventures with Ong’s Hat, Joseph Matheny, and his Metamachine, a computerized state-of-the-art synchronicity generator which was, in fact, an artificial intelligence which seemed to gate in actual spirits. If not, it certainly simulated them. Finally, I was able to process all these synchronous experiences to the point where you can now read information that will blow apart past false and misleading “Christianized” concepts of what the Apocalypse, Revelation and advent of the Messiah are really meant to signify. Although most of the book contains over 400 pages of fun and high adventure, the core scholarship of these matters cannot be refuted even by all of the previous professors or clergymen who have missed the point. Those of you who have read the Summer 2003 issue of *The Pulse* already have a clue with regard to this.

Part of this revelation also discloses the “lost word” of Freemasonry. Although this word is really not unknown to magical adepts, it is seldom, if ever, publicly connected to the advent of the Messiah (or messianic principle, if you prefer) itself. When one understands the words and basic concepts, all the drivel of ignorance falls away. It will be interesting to observe what happens as this book is released to the world.

After a clearly explained review of quantum mechanics and the Many Worlds Theory, which validates the scientific

inevitability of parallel universes, this is utilized as a literary vehicle to briefly explain some of my core experiences with synchronicity, and how I was able to access and expose this information. This includes the revelation of how the Government’s remote viewing program was directly set up by high level Scientologists (Ingo Swann, Pat Price, and Hal Puthoff) who ended up working for the same government which effectively raided Scientology and put L. Ron Hubbard’s wife in prison. Although remote viewing is an intensely popular and chic subject, it is mostly a lot of glamour with no real or tangible substance. The reason for this is that virtually all of the remote viewers are highly programmable. That is why most of them were selected in the first place. Many years before I came along, Preston said he was approached by Ingo Swann, who used a different name, and tried to stop his early investigation of the Montauk Project. This suggests that if there is such a thing as an unrestricted fountain of divine expression in this universe, there is considerably more effort dedicated to damning it up. These blockages would be analogous to the jinn or daemon legion which are said to dwell within or at the portal of the 72 pathways of the human brain. These 72 sacred pathways represent the full functioning of the human brain, including all ESP functions, most of which remain dormant in human beings. Opening the Seventh Seal includes opening these portals. There are, of course, many different systems and philosophies that purport to deal with this phenomena, but we are only now coming into a time when any of them have a decent chance of working. The *Montauk Pulse* is dedicated to all of these approaches and will embrace all of this general knowledge in its effort to reveal the constructs of space-time. Your past and future support are appreciated.

When we consider that the above seals of the brain are blocked by daemon or jinn, it is because there is a certain amount of power generated when one undoes the Seventh Seal. We are talking about tapping all of one’s infinite potential. If the initiate is not prepared, it can consume them. Dealing with this is one of the themes of the book. Mythologically, this has often been portrayed as guardians or demons at the gateway. If you are prepared for an exciting adventure that deals with this phenomena and integrates it into the real world drama of high magick, turn to page five, read the warning, and then order this book. ■

Ong's Hat: The Beginning by Joseph Matheny with Peter Moon

Since Peter Moon's involvement in the Montauk investigation, he has encountered incredible synchronicities with regard to space-time projects and clans of mystery. None have been more riveting than the legends of Ong's Hat, a real but enigmatic location in south central New Jersey once used as a return address for dissident physicists who wrote anonymous papers that broke the scientific barriers of the day. This is the first book in hard copy format to explore Ong's Hat, the home of a mysterious ashram with both scientific and natural features that included a hodgepodge of Tantra, Sufism, Ismaili esotericism, alchemy, psychopharmacology, biofeedback and brain machine meditation techniques that was said to involve time travel by the participants. Compiled by Joseph Matheny, who was "chosen" as an intermediary by the time-travel cult, this

work is based upon the popular e-book known as "The Incunabula Papers," but also contains new material revealed for the first time that includes interviews with actual survivors from the ashram and the revealing of an "egg" used for attracting synchronicity induced time travel. The Hunt for Zero Point

By Nick Cook

The Aviation Editor for *Jane's Defense Weekly* tracks down the secret history of antigravity research in the Third Reich and how this carried forward in the U.S. after Project Paperclip. This riveting work of investigative reporting not only corroborates much of the Nazi connection discussed in *The Black Sun* but also discusses a Nazi effort to build a time machine. No mention of Montauk, but some talk of the Philadelphia experiment and players involved such as Nikola Tesla make the Montauk connection a little clearer. Also discusses the "zero point" of antigravity and how this has been and can be replicated here on Earth. *ons.THFZ...\$25.95*

The Case for the UFO — Unidentified Flying Objects by Morris K. Jessup

At long last, this is the book that started it all and the first historically recorded mention of what is now known as "The Philadelphia Experiment." This is the republished famous "Varo Edition" which includes comments by a "mysterious" intelligence. Originally, these comments were in colored ink, some thought to be from the hand of Carl Allen, others thought it to be aliens. Instead of colored ink, the comments are in brackets so that they can be identified without color printing. This book begins with letters of Allen to Morris Jessup and takes one on a substantive tour of electromagnetic phenomena and strange disappearances throughout the world, all dutifully chronicled by Dr. Jessup, an astro-physicist, who makes an excellent case for UFOs with plenty examples of disappearing ships and other phenomena. Most interesting of all is the comments by the mysterious intelligence which does not appear in the original Jessup book. *189 pgs, 8 x 10 spiral bound.....CUFO...\$25.00*

Hypothesis by Bob Beckwith Featured in the book "The Philadelphia Experiment Murder" by Alexandra Bruce, Bob Beckwith was aboard a vessel that was teleported in a secret Naval experiment in 1943 and some believe was the basis for the original Philadelphia Experiment. Reads at times like a text book that covers an entire panorama of subjects.....**HYP.\$22.00**

The Philadelphia Experiment and Other UFO Conspiracies By Brad Steiger With Al Bielek

In October 1943, the U.S. Navy secretly accomplished the teleportation of a warship from Philadelphia to a dock near Norfolk by successfully applying Einstein's Unified Field Theory. The experiment also caused the crew and officers of the ship to become invisible, during which time they were sent via a time-space warp into another dimension. For the first time, a survivor of the experiment tells his personal story and how the project was actually the end result of alien technology. The book also covers other classified Top Secret projects, including genetic cloning, age regression and progression, time travel, as well as other topics related to the UFO cover-up. *160 pgs, photos and illustrations.PXUC...\$14.95*

PIRATES & THE LOST TEMPLAR FLEET

The Secret Naval War Between the Templars & the Vatican by David Hatcher Childress

Lost cities author Childress explores the world of maverick Templar sea captains who battled the Pope. After fleeing from their French homeland, they became Scottish Rite Free Masons whereupon the banned fleet sailed to America under the command of the St. Clair family of Rosslyn Chapel. This was in 1298, almost two centuries before Columbus. Later, this fleet with new additions flew the Skull and Cross Bones, the symbol of the Knights Templar and preyed on Vatican sponsored ships whereupon the Knights became known as the Pirates of the Caribbean. This book includes Pirate Utopias, the New Jerusalem, the Lost Templar Fleet and the Jolly Roger, Maps of the Ancient Sea Kings, Templars and the Assassins and much much more. *320 pages, 6x9, illustrated.....\$16.95*

Alice in Wonderland

and the World Trade Center Disaster

By David Icke

Learn what happened on that horrible and fateful day of 9/11/2001 as best selling author David Icke examines the official story of 9/11 and exposes a fantasy of untruth, manipulation, contradiction and anomaly as only he can and will do. This is the biggest and most extensive expose yet on what happened. Having researched planetary manipulation and subversive agendas of the power elite for over a decade, Icke readily recognized the Hidden Hand behind the cover story surrounding Bin Laden and demonstrates that those responsible for 9/11 are much closer to home than a cave in Afghanistan and explains why the events of the day were planned and to what end. Additionally, he offers a path of empowerment that can lead us away from a global fascist state based upon totalitarian control and surveillance. trade paperback.....AIW...\$29.95

The Robots Rebellion — by David Icke

The Robots' Rebellion is one of the most controversial and challenging books of modern times and the author is not afraid to point the finger. All these things and more, he says, are controlled by a network of secret societies which are themselves manipulated by a tiny elite pledged to a long-term plan for world domination. Icke names names. Unseen power-brokers working behind the scenes exert control through such influential bodies as the U.N., the secret Bilderberg Group, the Trilateral Commission, the Council on Foreign Relations — and, in Britain, the Royal Institute for International Affairs, also known as Chatham House. Nothing of world importance happens by accident, says Icke — from the engineering and funding of world wars to the murders of such inspiring figures as John and Robert Kennedy, Martin Luther King and John Lennon. Ultimately, we are asked to look at who is behind world economic manipulation, environmental destruction, the engineering of wars and global conflict, and the massive UFO coverup. In the end, Icke's exposé is balanced by an upbeat conclusion in which he outlines practical ways in which ordinary people can rise up and take control of their own destiny. 350 pages, trade paperback.....TBS...\$29.95

I am me — I am free — by David Icke

With humor and powerful insight, David Icke exposes the mental and emotional prisons which billions of people build around themselves, prisons which allow a tiny few to control the direction of the world. He shows how shallow and ridiculous are the fears, guilt's, resentments and limitations which blight the lives of humankind, and he offers the key to mental and emotional liberation. Icke also reveals staggering information about the almost unspeakable activities of world famous politicians and entertainers. This devastating expose of the human condition and those who manipulate the human mind is a getaway car for the psyche. It will make you laugh. It will make you think. It will blow your mind. The Secret Teachings of All Ages By Manly P. Hall

At the onset of the Great Depression, Manly P. Hall set out to explore the problems of humanity, it's origin, and its destiny. He ended up spending quite a few hours tracing the confused course of civilization. With very few exceptions, he noted that modern authorities degraded all systems of idealistic philosophy as well as the deeper aspects of comparative religion. Translations of classical authors could differ greatly but in most cases the noblest of thoughts were eliminated or denigrated. Upon studying the ancient texts, he found that all derived from about four or five major texts, most of which are impossible to find. These in turn were based upon the Emerald Tablets. In what is arguably the most comprehensive and clear "encyclodpedic" rendition of esoteric data ever published, you can learn in detail (each chapter includes an ornate color illustration on the subject, loaded with esoteric symbolism) the following: The Emerald Tablets; the life and writing of Hermes Trismegistus; Atlantis and the Gods of Antiquity; the Iniation of the Great Pyramid; the Zodiac and its Signs; the Life and Philosophy of Pythagoras and his Mathematics; Theory of Music and Color; the Human Body in Symbolism; the Hiramic Legend;; Stones, Metal and Gems; Ceremonial Magic and Sorcery; Alchemy and its Exponents; the Theorty and Practice of Alchemy; the Chemical Marriage; Hermetic Pharmacology, Chemistry and Therapeutics; the Fraternity of the Rose Cross; Rosicrucian Doctrines and Diagrams; the Chemical Marriage; the Cryptogram; the Qabbala; the Tree of the Sephiroth; Qabbalistic Keys to the Creation of Man; the Tarot Cards; the Ark of the Covenant

Time Travel — Video Tapes

The Montauk Tour (Video)

The first video tour of the Montauk Base ever done and made available to the public. Narrated by Preston Nichols with a soundtrack, *The Montauk Tour* contains footage shot over several days in January 1993. In this 2 hour video, Mr. Nichols takes you on a tour of the inner base where the experiments took place. Meet Duncan Cameron and Al Bielek, who were involved in both secret projects. Also tour the base with psychic, Helga Morrow, whose father was connected with the Montauk Project. See the "LSD Room", and the cage where the Montauk boys were held for programming. This video takes you to the place where it all happened — on a journey you will not forget. 120 mins.....**TMTV....\$39.95**

The Montauk Tour Part II (Video) A follow-up to Preston's original video, it chronicles adventures at the Montauk base since 1993. See most of the items discussed by Preston in "Pyramids." Included are: footage of the Cardion radar installation, an aerial view of the particle accelerator plus overhead footage of the base, strange behavior of birds at Montauk, a bizarre parade at the town of Montauk, an analysis of '93 pulse transmissions, a slow motion analysis of the beast "junior" and "interdimensional" guards at the base, plus the following more advanced material: detailed views inside Tesla and von Neumann receivers, a close look at the Zero Time Generator and Montauk-like mind control transmissions monitored in Atlanta and Orlando. *Note: This is a homemade video and some footage has been slowed down, thus creating a herky-jerky effect. In spite of this, it contains unique footage and is well worth seeing for hard core Montauk fans.* 120 mins.....**MT2V....\$39.95**

Montauk Boys (A Video by Al Bielek)

An exciting new video by Al Bielek which not only gives a completely new recap of the Montauk Project and surrounding circumstances (as regards time travel) but gives an update concerning the Montauk Boys project. Peter Moon recommends this video to all Montauk fans as it contains information that was not considered suitable (according to Preston Nichols) for the printing press due to security considerations. This includes groups and organizations that are behind or complicit with the Montauk Boys project. Also, mentioned is Operation Southern Cross, a naval project from the 1930s which discovered Atlantean crystals at the bottom of the Atlantic Ocean south of the Bermuda Triangle and utilized them for time travel into the future.(one video).....**MB....\$34.95**

Much more is included. This work is for those who want to get started on the Matrix series without purchasing the whole series at once. It will also be enjoyed by those who want to read the original report. It is easier to digest than the other Matrix volumes primarily because it is less detailed, contains less volume and offers a more general approach. 8 1/2 x 11, Velo Binding, 238 line index with color cover, 361 pgs.....**MAT1....\$46.95**

Matrix II: The Abduction And Manipulation Of Human Beings Using Advanced Technology

In 1988, a startling and revolutionary work appeared on the planet. It was entitled **Matrix** and would set the stage for an incredible piece of work: **Matrix II**, an updated and much more extensive volume of the original publication. **Matrix II** is more than a book. It is a journey into both your awareness and the awareness of other species, no matter who they are or where they come from. This includes precedent setting research on human abductions by both government and off planet forces, material that other authors will not speak of and what publishers will not print.

Val Valerian weaves a wide range of interrelated material into a literary experience that will rock you to the core of your very being—including expansion of your consciousness as a side benefit. Valerian takes us through the gambit of how, why, and by whom humans are manipulated, information about government connections to the abduction process, post-abduction problems and things that the abductee can do. There is more information about the various species known as the "greys" in **Matrix II** than has been published anywhere else. **Matrix II** spells the end for "Classical UFOlogy" with its attendant "UFOlogists", "experts" and most of the "UFO organizations" that are in existence today. 8 1/2 x 11, Velo Binding, 1,400 line index, 660 pgs.....**MAT2....\$69.95**

TESLA MATERIAL

TESLA'S AMAZING PURPLE ENERGY PLATES: A SECRET INTELLIGENCE REPORT

In 1943, a young engineer named Ralph Bergstresser met Tesla in a combined effort to explore energetic options to end WW II. Tesla inspired and clued-in Ralph by telling him, "If you want to understand the secrets of nature, look to vibration and frequency." After Tesla died two months later, Bergstresser spent the next 20 years of his life committed to accessing free energy. In 1965, he introduced the Tesla Purple Energy Plate by choosing an inexpensive medium (anodized aluminum) that, when altered, would act as a transceiver that drew in and radiated out Universal Life Force energy or "free energy." The plates do not need charging and are designed to enhance and benefit anyone or anything in their close proximity. These plates are a beautiful violet color and are a window into 4th and 5th dimensional energy fields and radiate chi/prana for a distance of 10 to 18 inches. Although there are no healing claims made for these plates, they have been observed by radionics practitioners to protect one against electromagnetic radiation. When a person's energy field is ordinarily observed to oscillate at 25,000 cycles a second, holding a purple plate increases the reading to 90,000 cycles a second. All faith healing uses such energy..

Nikola Tesla - Free Energy and the White Dove by Commander X

This book starts with the premise that the military has possessed a circular shaped aircraft that can fly three times faster and higher than any jet fighter "officially" known to the public. What follows is a sober and factual account of Nikola Tesla's life leading to the beginnings of UFO propulsion that touches on the work of T. Townsend Brown and others. We are then led into a unique account of Tesla's metaphysical side and how his personal struggle to bring free energy to the world was countered by opposing forces. The ramifications of what happened then are still felt today and the struggle continues. This book is a good read that lays out the scenario as regards Tesla's work being carried out today. 144 pages, photos and illustrations..TWD...\$14.95

Nikola Tesla Journey to Mars: Are We Already There? by Sean Cassel with Introduction & Added Material by Commander X

Jules Verne and other early sci-fi pioneers based their works on wild stories that journeys to the moon and Mars had actually been made by a scientific elite — all members of the same secret society who had tapped into an unknown power source and achieved flight long before the Wright Brothers. This book suggests and offers evidence that Tesla was contacted by this society and improved upon the technology only to have it stolen by the Nazis who established secret bases in outer space; and, that Martian and Lunar bases are not occupied by aliens but by renegade scientists preparing for a worldwide debacle. 8.5 x 11, photos, illustrations & clippings.. Serpents of the Sky, Dragons of the Earth by F.W. Holiday

F.W. Holiday was a British journalist and columnist whose lifelong "investigations into the fantastic" left him with two stunning conclusions. First, there is strong hard evidence that the Loch Ness Monster and its Irish and English counterparts do exist. Secondly, man's oldest religious beliefs make heavy use of not only the monster phenomena (the Earth dragons) but also UFO phenomena (the sky serpents). This book offers verbal and photographic documentation of the fascinating intermarriage of both phenomenal fields from early cave art, the Bronze Age in the British Isles, ancient civilizations of Asia and Africa, North American Indians, medieval art and mythology from all over the world. In F.W. Holiday's hands, high strangeness often becomes, after careful thought, logical and credible. What followed was a battle with the military and government for the truth. After extensive research and contacts, Commander Moore concludes: skymen have been coming to the Earth for thousands of years, some of them have homes in the caverns of Mars and the moon as well as other areas of our solar system, some come from bases near the Earth's surface itself, and Skymen have kidnapped a multitude of Earth people as well as extracting their blood. THE BOOK OF ENOCH

translated by Richard Laurence

In 1821 *The Book of Enoch* was translated by Richard Laurence and published in a number of successive editions, culminating in the 1883 edition. One of the main influences from this work is the explanation of evil coming into the world with arrival of the "fallen angels" Enoch acts as a scribe, writing a petition on behalf of these fallen angels to be given to a higher power for ultimate judgment. Christianity adopted some ideas from Enoch, including the Final Judgment, the idea of demons, the origins of evil, and the coming of a Messiah with a Messianic kingdom. This book was ultimately removed from the Bible and banned by the early church. This book was originally translated from the original Coptic script and is a rare resource that was suppressed and thought to be destroyed. 224 pages 6x8 paperback..**\$16.95**

MY VISIT TO VENUS

by T. Lobsang Rampa

Learn the real truth behind who Tuesday Lobsang Rampa really is: a failed English writer who only became a success after hitting his head and becoming a "walk-in" of a Tibetan Lama who had left his Tibetan body in order to communicate his wisdom to the West. This lost manuscript, rescued by Gray Barker decades ago, tells of his curious visit to the planet Venus. Whether true or not, the book, with an introduction by John Keel (*Mothman Prophecies*), is a straightforward account of a bizarre experience. 8x11 paperback.....**\$10.00**

Jesus, Last of the Pharaohs

Truth Behind the Mask Revealed

by Ralph Ellis,

Imported from Britain, this paperback with 43 color plates traces the history of the Egyptian royal family from the time of Noah through to Jesus, comparing Biblical and historical records. Nearly all of the biblical characters can be identified in the historical record as pharaohs of Egypt or pharaohs in exile. The Bible depicts them as being simple shepherds, but in truth they were the Hyksos, the Shepherd Kings of Egypt. The Biblical story that has circulated around the globe is simply a history of one family, Abraham and his descendants. In the Bible he was known as Abram; in the historical record he is the pharaoh Maybra the most powerful man on Earth in his lifetime. By such simple sleight of hand, the pharaohs of Egypt have hidden their identity, but preserved their ancient history and bloodline. These kings were born of the gods; they were not only royal, they were also Sons of God. 320 pgs, 6 x 9 paperback, illustrated color section.....JLP...\$16.00

The HAARP project in Alaska is one of the most controversial projects ever undertaken by the U.S. Government. Jerry Smith gives us the history of the HAARP project and explains how it can be used as an awesome weapon of destruction. Smith exposes a covert military project and the web of conspiracies behind it. HAARP has many possible scientific and military applications, from raising a planetary defense shield to peering deep into the earth. Smith leads the reader down a trail of solid evidence into ever deeper and scarier conspiracy theories in an attempt to discover the "whos" and "whys" behind HAARP and their plans to rule the world. At best, HAARP is science out-of-control; at worst, HAARP could be the most dangerous device ever created, a futuristic technology that is everything from super-beam weapon to worldwide mind control device. Lost Science

by Gerry Vassiliatos

Rediscover the legendary names of suppressed scientific revolution — remarkable lives, astounding discoveries and incredible inventions which would have produced a world of wonder. How did the aura research of Baron Karl von Reichenbach prove the vitalistic theory and frighten the greatest minds of Germany? How did the physiophone and wireless of Antonio Meucci predate both Bell and Marconi by decades? How did the earth battery technology of Nathan Stubblefield portend an unsuspected energy revolution? How did the geotheric engines of Nikola Tesla threaten the establishment of a fuel-dependent America? Why did the Air Force initially fund the gravitational warp research and warp-cloaking devices of T. Townsend Brown and then reject it? This and much more as Vassiliatos looks into the twisted intrigues which surrounded the often deliberate attempts to stop this technology and claims that we are living hundreds of years behind our intended level of technology and we must recapture this "lost science."

NEW

— The Time Travel Research Center —

In 1998, a very unique man attended, by way of equally unique circumstances, a monthly "Montauk Meeting" that Preston and I have held on Long Island for over a decade. His name was Dr. David Anderson, the founder and president of the Time Travel Research Center, an organization dedicated to the advancement of science and technology which might someday effectively provide for actual time travel. A blue-eyed, blond-haired Ph.D. with a mysterious background, Dr. Anderson was hired by the U.S. Government to warp the space-time fields of satellites in outer space in order to correct the drift they suffer in orbit every year. If not for his technology, the Global Positioning System could not function properly. Additionally, he developed self-contained space-time fields 30-40 centimeters in diameter that could literally slow or speed up time. This research was privately funded and invested in by those in the medical field who saw the potential for keeping vital organs at a time stasis in order to facilitate surgical transplants.

This was a real organization and I had several meetings with Dr. Anderson which were dedicated towards the purpose of promulgating actual scientific information about time travel in hopes that the possibility could someday be realized. There were plans and discussions to release an actual scientific text book based upon the many lectures David had given to highly skeptical university audiences who were forced to change their minds when confronted with the hard mathematical proof that scientists have overlooked since the beginning of time itself. Right after planning a major physics event that would feature these topics, including the role of the Montauk Project, David was taken out of action in these endeavors and his company was alloyed to the Government. Although David has given us word that he is all right, he said that he will not likely be able to work with us until sometime around 2006-2008.

Although David's research continues on by government personnel who are being steered not to develop any-

thing worthwhile, he bequeathed the archives of what remained of the Time Travel Research Center to me. As a consequence, we have a few items that are more of a memento to this former research facility than anything else. They were previously offered to members of the Time Travel Research Association.

If there is any good news, it is that I have been invited to speak at a youth camp in Romania that is sponsored by David. Romania still has a Time Travel Research facility as David employed Romanians as they have the best mathematicians in the world. Recently, *The Montauk Project* has been translated into the Romanian language. Although I cannot guarantee it, I hope to see David this summer. These adventures, as well as my past adventures with him, are covered in *The Montauk Pulse*.

In the near future, we hope to have the full Time Travel Research Center website restored on the internet. It will be featured on the website of Sky Books which is www.skybooksusa.com.

Theory of Relativity. This is the ONLY known journal by a scientist who is actually known to have manipulated space-time, utilizing Einstein's formulas, in a real world setting that was not dominated by government spooks or the like.

In addition to this scientific journal, we are also offering a Time Travel Research Center T-shirt and a Time Travel Research pin that is thrown in for free as a memento.

— THE SEVENTH SEAL REVEALED —

*In 1992, Sky Books surprised the entire world with the release of **THE MONTAUK PROJECT: EXPERIMENTS IN TIME**, a gripping story of how Einstein's Unifield Field was tapped by bridging the modalities of science with the most esoteric techniques ever imagined in order to access the powers of creation and manipulate time itself.*

*The release of the above information delivered a tremendous impact on the world which has now led to the greatest revelation ever and that is the uncorking of the the Seventh Seal itself. This is not a joke nor a sales ploy. It had to be revealed sometime. **THE TIME IS NOW.***
